### Region 1 Behavioral Health Services

SERVICE TYPE	ACTIVITY	DATE	PROGRESS, BARRIERS, NEXT STEPS
<b>Emergency Psych Respite</b>	Region 1 will provide this service.	<b>OPERATIONAL DATE: 8/01/05</b>	Currently, all eight beds are full and one overflow bed is occupied. 36 consumers have been served through October '05.  <u>Barriers</u> The only barrier is that we need more beds. We have three consumers on the waiting list. Staff is working to move consumers back into the community in order to free beds for those on the waiting list.
<b>Local Crisis Response Team &amp; Emergency Community Support</b>	Region 1 will provide ECS and CRT in Scottsbluff, Banner and Morrill Counties.	<b>TARGET DATE: January 1, 2006</b>	Emergency Community Support is already well-established. In FY06, 37 consumers have received services.  The LCRT is still in development. An Emergency Services Coordinator was hired on November 28 <sup>th</sup> and the LCRT will be among her top priorities. Target date is still January 1, 2006.
<b>Acute &amp; Secure</b>	Regional West Medical Center is providing acute and secure services in Region 1.	<b>OPERATIONAL DATE: 7/01/04</b>	From July-October 2005, six consumers have been served by the Homeward Bound program at RWMC.

<b>Crisis Respite Beds</b>	Liberty House in North Platte, Nebraska is providing Crisis Respite Services.	<b>OPERATIONAL DATE: 1/1/05</b>	Two consumers were served for a total of ten nights.
<b>Acute Inpatient and Subacute for Commitments</b>	Richard Young Hospital and Great Plains Medical Center are providing acute and Subacute services for Region 2 consumers.	<b>OPERATIONAL DATE: 10/1/04</b>	25 acute days and 83 Subacute days were purchased serving twelve consumers.  <u>Barriers</u> As crisis centers in other Regions are full, EPC consumers are sent to our crisis centers thus filling up space for our needs locally.
<b>Crisis Response Team</b>	Emergency Support program is a service of Region 2 Human Services.	<b>OPERATIONAL DATE: 2/1/05 7-1-05 (Region)</b>	Six EPC's were diverted to voluntary care through provider requests for assistance.  Our Emergency Support program had 137 calls and helped 34 consumers with medication assistance, twelve consumers with transportation, thirteen consumers were helped with medical needs and nine were helped with other critical needs. Each of these needs being met helped prevent a crisis. Help was given to consumers in six of our seventeen counties in the month of October.

SERVICE TYPE	ACTIVITY	DATE	PROGRESS, BARRIERS, NEXT STEPS
<b>Emergency Community Support</b>	Emergency Support services are provided by Region 2 Human Services.	<b>OPERATIONAL DATE: 7/04 7-05 (Region)</b>	<p>38 consumers were served in emergency community support. We had nine admissions in October.</p> <p><u>Barriers</u> The need remains high for transportation, medications, and housing—this is not a barrier but will become a problem if funds diminish. Emergency Community Support is accessing the LB40 vouchers for consumers but meeting all the criteria set by the state takes time and consumers need a place to stay in the meantime.</p>
<b>Dual Disorder Residential beds</b>	CenterPointe is the provider and the contract was signed on February 24 <sup>th</sup> , 2005.	<b>OPERATIONAL DATE: 1/05</b>	Three consumers were served.
<b>Community Support</b>	Goodwill and Region 2 Human Services are the providers of this service.	<b>OPERATIONAL DATE: 12/04</b>	<p>29 consumers were served by Goodwill with Region 2 serving 250 consumers region-wide in substance abuse and mental health community support.</p> <p><u>Barriers</u> The demand for this service continues to be high which we see as strength not a barrier. Continued funding is a must for this service. Last month we noted that Magellan's inconsistencies remain a difficulty. We discussed this with Magellan and they assigned a worker at the call center to our area.</p>
<b>Medication Management</b>	Region 2 is providing this service.	<b>OPERATIONAL DATE: 12/15/04</b>	<p>336 consumers were served in medication management throughout the Region.</p> <p><u>Barriers</u> We cannot get all the people in who need to be seen—we continue to look at ways to increase our capacity.</p>

SERVICE TYPE	ACTIVITY	DATE	PROGRESS, BARRIERS, NEXT STEPS
<b>Substance Abuse Short Term Residential</b>	St. Monica's and Touchstone are providing this service for Region 2.	<b>OPERATIONAL DATE: 1/05</b>	Six consumers were served.  <u>Barriers</u> The waiting time to get in remains a problem and in addition trying to secure medical clearance right before admission complicates the process. We are working with the crisis centers on this.
<b>Phase IIa Day Rehab</b>	Our Phase IIA funding was for Day Rehab.	<b>OPERATIONAL DATE: 4/1/05</b>	80 consumers were served for a total of 597 units.  <u>Barriers</u> We have consumers in other parts of the Region who could benefit from day rehab. We are working with HHS for authorizations for transportation for the consumers who qualify. It remains difficult to find transportation for those who do not qualify for Title XX.

#### November 2005 Activities:

- Met with the NP Mental Health Association, NAMI, other providers, and consumers to discuss workshops for consumers and a consumer support group as part of NAMI with 55 consumers attending. A report on all the ideas will be prepared and presented to the advisory committee and the governing board for future funding decisions.
- Met with medical staff at McCook, Mullen, and Imperial to discuss Emergency Support and access to crisis intervention.
- Met with law enforcement in Hooker County and in Chase County to encourage and reinforce the use of crisis response.
- Completed compiling the results of the client satisfaction surveys. For two weeks every client of Region II Human Services programs received a survey—95% of consumers returned the survey. The results were extremely positive. Advisory committee reviewed the results and felt that the responses spoke very highly of the services being received. The committee encouraged administration to share the results with the state. If anyone on the oversight commission would like to see the results, please let Region II Human Services know.
